## DISCUSSION questions

1. What are some perspectives on angels that are perpetuated in our culture? How do these images differ from the biblical teaching we see in Daniel 10 and Ephesians 6?
2. How would you discern what is "spiritual warfare" and what is benign as simply part of living in a broken world?
3. Pastor Matthew shared on needing to be self-aware about his vulnerabilities and how the enemy wants to use them for evil purposes. What are your vulnerabilities and how could these be used for evil in your life? In light of this, what does it look like for you to "suit up and stand firm"? (Ephesians 6:10-18)
4. Fight in prayer together using the assurances of Psalm 91 as your outline.
5. Finally, remind yourself that, like Daniel, you are greatly loved. Read these passages from God's love letter to you: Romans 8:31-39, Ephesians 2:1-10 and 1 John 4:7-19.
